Visit [GOLDBERGBROTHERS.COM](https://www.goldebergbrothers.com) for additional information and full installation instructions for most products.

Put your barn doors on the right track with the quality and convenience of Goldberg Brothers barn door hardware. Our award-winning products help make efficient use of any indoor living or working space. Our rustic, yet elegant, industrial design provides a bold focal point to any décor.

We designed our medium-duty barn door hardware product lines to offer superior style, performance, and economy when used with most medium- and light-weight interior doors. Designed to fit the most commonly used door sizes, MP Series products are a better value and outperform inferior, imported hardware. All medium-duty hardware sets are factory equipped with silent rollers, and are available in 3 or more powder coat colors. All major steel components are made with up to 90% recycled materials.

Goldberg Brothers products have been proudly made in USA since 1897. Our commitment to quality, craftsmanship and value is built into everything we do.

MP SERIES: HARDWARE SETS, ROLLER HANGERS

WARRANTY

LIMITED LIFETIME MANUFACTURER'S WARRANTY

Goldberg Brothers warrants the functionality of its barn door hardware sets and tracks with a limited lifetime manufacturer's warranty for defective parts under normal installation and use. Warranty is subject to repair or replacement of defective components at manufacturer's discretion and does not include installation costs.

This warranty does not apply to the cosmetic condition of any products or components. Goldberg Brothers does not warrant against the loss of finish at points where the rollers are in contact with the track. Goldberg Brothers barn door hardware is sold as a rustic finished hardware and may develop scratches or other signs of wear during manufacturing or normal installation and use. Further, Goldberg Brothers does not warrant against any cosmetic imperfections in the steel parts that may be seen through the finish.

Certain accessories including but not limited to felt strips, rubber bumper bands, pair linking cords, and Soft Stop motion buffer mechanisms have finite expected lifetimes due to wear and loss of tension or resilience during normal use over an extended period. Except for manufacturing defects that become apparent within 1 year of purchase, these accessories are not covered under this limited lifetime warranty. Replacement accessories may be purchased as needed from Goldberg Brothers retailers.

Except for stainless steel components, Goldberg Brothers barn door hardware products are not warranted against rust. Some rusting is possible on any raw steel or powder coated steel hardware installed outdoors or anywhere else that it may be exposed to high humidity, rain, snow, or running water.

This warranty does not include loss or defects caused by elements outside the control of Goldberg Brothers, Inc., such as natural disasters, weather, fire, water leakage, abuse, improper installation, or anything else deemed out of the control of Goldberg Brothers, Inc.

PLEASE NOTE:

- Due to variations in printers and display screens, all color representations above are approximate. Color sample cards are available. Ask your Goldberg Brothers sales representative for details.
- Raw steel does not have a protective coating. Rusting will occur.
- PC Chrome is a powder coat finish with a glossy, chrome-like appearance. It is not chrome plating.
- Steel components used with Matte Black Texture and Bronze Texture may have minor surface blemishes acquired during the manufacturing process. These superficial variations will be hidden by the powder coating and do not affect product performance.
